Section 3A of the FAIS General Code of Conduct has been amended effective 26 December 2020, whereby the scope of requirements for Conflict of Interest have been altered and expanded to include a more principle based approach. Step 1: The Key Individual or Responsible person must:

- a) Review Sections 1 – 6 and identify the sections that are applicable to your A1 FINANCIAL SERVICES.
- b) Update and customise Sections 1 – 6 (including any applicable annexures) to ensure that your A1 FINANCIAL SERVICESs details and specific duties, depending on financial interest, remuneration structure are representatives included.

Step 2: Customised Conflict of Interest Policy to be signed off by A1 Financial Services.

Step 3: A1 FINANCIAL SERVICES must share the updated policy with staff or other persons who require updated training for Conflict of Interest.

Step 4: Implement policy and use the Conflict of Interest register. You do not have to implement a new Conflict of Interest register or format but must make sure that the register you are using is fit for purpose and is appropriate to capture, monitor and report on all Conflict of Interest situations.

1. Introduction

In terms of the Financial Advisory and Intermediary Services Act, 2002, *A1 Financial Services* (“A1 Financial Services”) is required to maintain and operate effective organisational and administrative arrangements with a view to taking all reasonable steps to identify, monitor and manage Conflict of Interest (“COI”). Section 3A(2)(a) of the FAIS General Code of Conduct (“GCOC) stipulates that every financial services provider, other than a representative, must adopt, maintain and implement a conflict of interest management policy that complies with the provisions of the Act.

2. Purpose

The purpose of this policy is to comply with these obligations and provide for mechanisms in place to identify, mitigate and manage the conflicts of interest to which A1 Financial Services is a party. In addition, to ensure alignment between the values of the organisation and the conduct of its people by safeguarding clients’ interests and ensuring the fair treatment of clients.

A1 Financial Services is committed to ensuring that all business is conducted in accordance with good business practice. To this end, A1 FINANCIAL SERVICES conducts business in an ethical and equitable manner and in a way that safeguards the interests of all stakeholders to minimise and manage all real and potential conflicts of interests. Like any financial services provider, A1 Financial Services is potentially exposed to conflicts of interest in relation to various activities. However, the protection of our clients’ interests is our primary concern and so our policy sets out how:

- we will identify circumstances which may give rise to actual or potential conflicts of interest entailing a material risk of damage to our clients’ interests;
- we have established appropriate structures and systems to manage those conflicts; and
- we will maintain systems in an effort to prevent damage to our clients’ interests through identified conflict of interest.

To achieve the objectives set out above, this policy sets out the rules, principles and standards of A1 Financial Services COI management procedures, by documenting them in a clear and understandable format.

3. Scope of application

This policy is applicable to A1 Financial Services, all providers of A1 Financial Services, key individuals, representatives, associates and administrative personnel. A1 Financial Services is committed to ensuring compliance with this policy and the processes will be monitored on an ongoing basis.

Any non-compliance with the policy will be viewed in a severe light. Non-compliance will be subject to disciplinary procedures in terms of FAIS and employment conditions and can ultimately result in debarment or dismissal as applicable.

Avoidance, limitation, or circumvention of this policy via an associate will be deemed non-compliance.

A1 Financial Service background

A1 Financial Services (Pty) Ltd (A1 Brokers) has been in existence since 2010. The business initially commenced as a call center focused on medical collections. It evolved into a collections business focused on retail collections. In 2015 the founders sold the business to Sanjay Maharajh.

On purchasing the business, Sanjay Maharaj decided to diversify into sales with a focus on financial services. The business applied for a FSP license, and the license was issued on 11/10/2016. The underlying strategy is to focus on high volume lower value products. The intention was to build the business brokerage into a call center and a network of field offices. A1 Financial Services employs approximately 150 employees and 60 of them are Representatives. The FSP also has a Juristic Representative Altitude Business Management (Pty) Ltd loaded on the Register and they have approximately 285 agents employed by them. A1 Financial Services also holds 50% Shareholding in Altitude Business Management (Pty) Ltd.

Understanding Conflict of Interest

3.1 WHEN IS IT A CONFLICT OF INTEREST?

A COI means any situation in which A1 Financial Services or one of our representatives has an actual or potential interest that may, in rendering a financial service to our clients -

- influence the objective performance of obligations to that client; or
- prevents us from rendering an unbiased and fair financial service, or
- prevents us from acting in the interests of that client.

An “actual or potential interest” includes but is no limited to:

- A **financial interest**, which includes any cash, cash equivalent, voucher, gift, service, advantage, benefit, discount, domestic or foreign travel, hospitality, accommodation, sponsorship, valuable consideration, other incentive or valuable consideration which exceeds R1000 per calendar year.¹
- An **ownership interest** which means any equity or proprietary interest and any dividend, profit share or similar benefit derived from that equity or ownership interest.
- Any **relationship with a third party**, meaning any relationship with a product supplier, other A1 FINANCIAL SERVICES, an associate of a product supplier or an associate of A1 Financial Services. A third party also includes any other person who, in terms of an agreement or arrangement, provides a financial interest to A1 Financial Services or its representatives.
- An **immaterial financial Interest**, which is any financial interest with a determinable monetary value, the aggregate of which does not exceed R 1 000 in any calendar year from the same third-party in that calendar year received by –
 - a provider who is a sole proprietor; or
 - a representative for that representative's direct benefit;
 - a provider, who for its benefit or that of some or all of its representatives, aggregates the immaterial financial interest paid to its representatives;

¹ Financial Interest excludes an ownership interest and Training, that is not exclusively available to a selected group of providers or representatives where that training is related to products and legal matters relating to (1) those products, (2) General financial and industry information, (3) Specialised technological systems of a third party necessary for the rendering of a financial service, but excluding travel and accommodation associated with that training and (4) qualifying enterprise development contribution to a qualifying beneficiary entity.

3.2 WHAT TYPE OF INTEREST MAY WE GIVE AND RECEIVE?²

A1 Financial Services and our representatives may only offer to and receive specific financial interests from a third party³, which includes the following:

1. "Other fees" specifically agreed to by the client and which can be stopped by the client at their discretion but only if agreed in writing with the client, including details of the amount, frequency, payment method and recipient of those fees, as well as the details of services to be provided in exchange for the fees.
2. Fees or remuneration for services that were rendered to a third party.
3. An immaterial financial interest.
4. Any other financial interest not mentioned above for which a consideration, fair value or remuneration that is reasonably commensurate is paid by that provider or representative, at the time of receiving that financial interest.

3.3 ON WHAT BASIS MAY WE GIVE AND RECEIVE FINANCIAL INTERESTS?

The financial interest referred to in points 2, 3, and 4 above may only be offered or received by A1 Financial Services or its representatives, if:

- The financial interests are proportionate (reasonably commensurate) to the service being rendered, considering the nature of the service, the resources, skills and competencies that are reasonably required to perform it.
- The payment of those financial interests does not result in A1 Financial Services or representatives being remunerated more than once for performing the same service.
- Any actual or potential conflicts between the interests of clients and the interests of the person receiving those financial interests are effectively mitigated; and
- The payment of those financial interests does not impede the delivery of fair outcomes to clients.

² It is important to note that where the same legal entity is a product supplier and FSP, this section does not apply to the representatives of that entity. That entity is subject to the requirements set out in sections 4.4 of this report (FAIS GCOC S3A(1)(b) and 3A(1)(bA) in respect of its representatives.

³ FAIS GCOC S3A. FAIS GCOC S1 "third party" means a product supplier, another provider, associate of a product supplier or a provider, a distribution channel and any person who in terms of an agreement or arrangement with a person referred to previously provides a financial interest to a provider or its representatives.

3.4 FINANCIAL INTERESTS FOR REPRESENTATIVES OF A1 FINANCIAL SERVICES

A1 Financial Services may not offer any financial interest to a representative of that A1 FINANCIAL SERVICES –

- For giving preference to a specific product of a product supplier, where a representative may recommend more than one product of that product supplier to a client.
- For giving preference to a specific product supplier, where a representative may recommend more than one product supplier to a client
- That is determined with reference to the quantity of business, without also giving due regard to the delivery of fair outcomes for clients.

In relation to delivery of fair outcomes for clients, A1 Financial Services must demonstrate that a determination of a representative's entitlement to a financial interest, considers measurable indicators, relating to the:

- Achievement of minimum service level standards in respect of clients
- Delivery of fair outcomes for clients; and
- Quality of the representative's compliance with the FAIS Act.

The measurable indicators are agreed in writing between A1 Financial Services and its representative and sufficient weight (significance) are attached to these indicators to materially mitigate the risk of the representative(s) giving preference to the quantity of business secured for A1 Financial Services over the fair treatment of clients.

A1 Financial Services does not offer a sign-on bonus⁴ to any person, other than a new entrant⁵, as an incentive to become a provider authorised or appointed to give advice.

The way in which A1 Financial Services remunerates its representatives and complies with these requirements, is set out in section 6 of this policy.

⁴ This requirement is only applicable to CAT I providers that are authorised to give advice. Refer to the definitions section of this policy.

⁵ A person who has never been authorised as a financial services provider or appointed as a representative by any financial services provider.

5. Processes and Internal Controls to manage Conflict of Interest

5.1 IDENTIFICATION OF CONFLICT OF INTEREST

To adequately manage COI, A1 Financial Services must identify all relevant conflicts timeously. In determining whether there is or may be a COI to which the policy applies, A1 Financial Services considers whether there is a material risk of unfair treatment or bias for the client, considering whether A1 Financial Services or its representative, associate or employee:

- is likely to make a financial gain, or avoid a financial loss, at the expense of the client;
- has an interest in the outcome of a service provided to the client or of a transaction carried out on behalf of the client, which is distinct from the client's interest in that outcome;
- has a financial or other incentive to favour the interest of another client, group of clients or any other third party over the interests of the client;
- receives or will receive from a person other than the client, an inducement in relation to a service provided to the client in the form of monies, goods or services, other than the legislated commission or reasonable fee for that service.

All employees, including internal compliance officers and management, are responsible for identifying specific instances of conflict and are required to notify the Key Individual of any conflicts they become aware of. The Key Individual will assess the implications of the conflict and how the conflict should be managed, acting impartially to avoid a material risk of harming clients' interests.

5.2 MEASURES FOR AVOIDANCE AND MITIGATION OF CONFLICT OF INTEREST

To ensure that A1 Financial Services can identify, avoid and mitigate COI situations, A1 Financial Services creates awareness and knowledge of applicable stipulations, through training and educational material. Where a COI situation cannot be avoided, these instances are recorded on A1 Financial Services's conflict of interest register.

A1 Financial Services ensures the understanding and adoption of A1 Financial Services's conflict of interest policy and management measures by all employees, representatives and associates through training on the COI policy.

The Key Individual will assess each conflict, including whether the conflict is actual or perceived, what the value of the conflict or exposure is and the potential reputational risk. Compliance and

management then agree on the controls that need to be put in place to manage the conflict. Once a conflict of interest has been identified it needs to be appropriately and adequately managed and disclosed, in line with the below steps.

5.3 MEASURES FOR MANDATORY DISCLOSURE OF CONFLICT OF INTEREST

Where there is no other way of managing a conflict, or where the measures in place do not sufficiently protect clients' interests, the conflict must be disclosed to allow clients to make an informed decision on whether to continue using our service in the situation concerned.

In all cases, where appropriate and where determinable, the monetary value of non-cash inducements will be disclosed to clients. The Key Individual will ensure transparency and manage conflict of interests. The client must be informed on the Conflict of Interest Policy and where they may access the policy.

5.4 ONGOING MONITORING OF CONFLICT OF INTEREST MANAGEMENT

The key individual or staff member in charge of supervision and monitoring of this policy will regularly monitor and assess all related matters. A1 Financial Services will conduct *ad hoc* checks on business transactions to ensure the policy has been complied with.
